

Paving Project Information

Fixing Eugene's Streets

East 46th Avenue & Donald Street Pavement Preservation Project

Paving of East 46th Avenue from the west side of Donald Street to the east side of Willamette Street & Donald Street from the south side of East 46th Avenue to the north side of Fox Hollow Road.

Project Overview

- This street is planned to be rehabilitated by removing and replacing the top layers of asphalt pavement.
- The existing sidewalk ramps will be removed and replaced with access ramps that meet the current accessibility standards.

Construction Schedule

- The City anticipates advertising this construction contract in spring 2014.
- Construction is planned for late spring/summer 2014.

Traffic Impacts

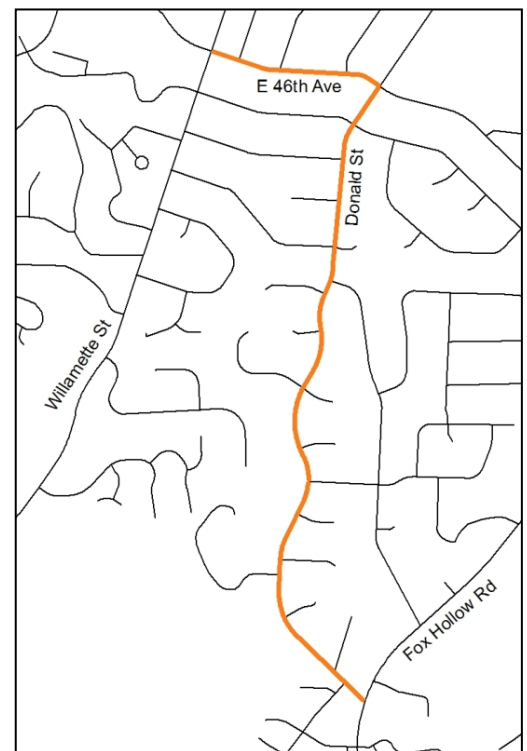

- Watch for construction signs and equipment.

Project Funding

- The major funding source is the 2012 Street Bond.
