

DRAFT Vision Statements

Option #1: By **2035**, our community **will eliminate all deaths or life changing injuries** from our transportation system through equitable, **data driven** actions.

Option #2: As a community we **prioritize transportation safety** in consideration of **all** human life and we take informed **data driven** actions that **will eliminate all deaths and life changing injuries** from Eugene's multi-modal transportation system by **2035**.

Option #3: We as a community **prioritize safety** of **all** people who use our multi-transportation system and **will** take informed **data driven** actions that **will eliminate all deaths and life changing injuries** from the system by **2035**.
