

## LAND USE

Land use in River Road and Santa Clara supports neighborhood character and local identity, including our long-standing agricultural heritage and high value soils. Our neighborhoods are walkable, with a range of housing types affordable to all residents. Abundant shops, services and community spaces are served by a variety of transportation options. Strategic development and revitalization in more urban locations, especially the River Road corridor, help maintain neighborhood character while meeting our housing and economic needs in a way that is environmentally responsible. Development is well designed, sustainable, and compatible with existing surroundings. Adjacent to the Willamette River greenway, development improves safety, enhances access, and respects ecological functions.

## TRANSPORTATION

The integrated transportation system in River Road and Santa Clara is safe, efficient, and accessible for people of all ages, abilities, and socio-economic levels who choose to bike, walk, drive, or use public transit. This system supports redevelopment, economic opportunity and affordable, convenient access to daily needs. The design of the transportation system enhances the sense of place and serves the evolving needs of the community. Our transportation system is environmentally responsible and supports low carbon transportation options.

## COMMUNITY

The River Road and Santa Clara Neighborhoods exude a strong sense of place. They are welcoming and inclusive neighborhoods for people of all backgrounds. River Road and Santa Clara celebrate and nurture community unity and diverse cultures, while honoring the rich history of farming in the neighborhoods. The community recognizes the value of natural assets, such as the River, and thriving shared spaces, such as parks, schools and local businesses. Our neighborhoods are safe, resilient, and engaged, with strong social networks and reliable public services.

## ECONOMIC DEVELOPMENT

The River Road and Santa Clara communities support sustainable economic development, a variety of employment opportunities for all residents, and local entrepreneurship. Economic activity, especially that of local businesses, contributes to a shared neighborhood identity, while providing places to gather and build community. Natural assets, such as the river and fertile soils, benefit local residents and support thriving businesses. Residents can safely access essential goods and services within a short distance from home.

## PARKS & NATURAL RESOURCES

River Road and Santa Clara celebrate a rich diversity of private and shared green spaces, including parks for recreation, natural areas that support native plants and wildlife, and farmland for food production. All residents have a clean, safe, accessible and well maintained park or recreation facility close to their home. Residents have access to the Willamette River, which is celebrated as a natural asset, a defining characteristic of both neighborhoods, and a statewide resource to be protected for future generations. Natural assets, such as the tree canopy, soils and the watershed, are highly valued and cared for as natural infrastructure that enhances ecosystem health, provides opportunities for recreation, and supports the working landscape.
