

Project Information Sheet

Wastewater Lateral Rehabilitation – Hwy 99 & Roosevelt Blvd. North Job #900079

Project Overview:

- Work will occur on:
 - Morse Street – at west end.
 - Bell Avenue - west of Bethel Drive.
 - Edison Street - west of Bethel Drive.
 - Wood Avenue - Bethel Drive to Goodyear Street.
 - Goodyear Street - south of Wood Avenue.
 - Haig Street - Bethel Drive to Wilke Street.
 - Pershing Street - Bethel Drive to Lassen Street.
 - Bethel Drive – Morse Street to Roosevelt Boulevard.
 - Foch Street – Wood Avenue to Roosevelt Boulevard.
 - Lassen Street – Haig Street to Pershing Street.
 - Wilkie Street – Side Street to Haig Street.
 - Side Street – Edison Street to Hwy 99.
- Sewer service laterals in these areas have deteriorated due to age and groundwater is infiltrating into the wastewater collection system. Rehabilitation of the sewer service laterals is necessary.
- Work includes the installation of Cured In Place Pipe liners into the existing wastewater (sewer) service laterals.

Construction Schedule:

- This project is scheduled for construction in the summer of 2019, Monday through Friday between the hours of 7:00 a.m. and 7:00 p.m.

Traffic Impacts:

- Drivers should expect lane closures and lane shifts during construction.
- Bicyclists should expect to merge with motor vehicle traffic depending on available lane widths during construction.
- With any construction, drivers should expect equipment and workers in the roadway leading to congestion and delays during the work.

Project Funding:

- The source of funding is from Wastewater User Fees.

For More Information:

- Project Manager: David Starns, phone 541-682-8306, DStarns@eugene-or.gov.
- Online road reports (during construction) at www.eugene-or.gov/traffic.
