Mayor Lucy,

I understand that Council is struggling to allow changes mandated by Salem this year. I know that liberalizing ADU rules at the local level can be a time-consuming process, often bogged down by anti-housing obstructionists who all OWN single family houses and don't want others to enjoy the same privilege.

Perhaps this will help? The sooner we all have a chance to share in the American dream, the better, right? And you all keep promoting more growth - so where's the housing for that growth going to be? That growth can't all fit into the upscale EWEB property build out, nor can they all afford to! Some may not even WANT to!
