

# PROJECT OVERVIEW

## CHARTING A NEW COURSE FOR FRANKLIN BOULEVARD

Franklin Boulevard, with its wide lanes and fast-moving vehicles, can be an uninviting, unsafe and uncomfortable street. For people who walk, bike, or ride the bus, Franklin Boulevard can be a significant barrier to getting from place to place. Because of that, fewer people choose to walk, bike or take the bus to make connections between the University of Oregon, surrounding neighborhoods and Willamette River trails to the north, hindering the City of Eugene’s long-term efforts to reach climate reduction goals. Fortunately, the future of Franklin Boulevard is brighter. The project will also encourage new ways for businesses and neighborhoods near Franklin Boulevard to redevelop the boulevard into a more comfortable connector of places, rather than a divider.

### PROJECT AREA MAP

### PROJECT SCHEDULE

Design Discovery Workshop	01/2019
Alternatives Open House	05/2019
Preferred Alternative Open House	03/2020
Corridor Analysis and Recommendation Report	05/2020
NEPA (National Environmental Policy Act)	2020-2021
Grant Applications	2020-2021
Franklin Reconstruction	2022 +
