

Project Information Sheet

Catch Basin Bottom Construction – Various Locations

Project Overview:

This project will clean and construct new bottoms in approximately 250 catch basins that are currently bottomless. Bottomless catch basins allow runoff water to seep into the ground and make cleaning problematic. This work will protect groundwater quality and improve maintenance efficiency.

Construction Schedule:

- Project construction will be during summer 2021.

Traffic Impacts:

- Drivers should expect lane shifts during construction.

Project Funding:

- Stormwater UIC Facility Removal.

For More Information:

- Project Manager: Jenni Engle, phone 541-501-0370, JEngle@eugene-or.gov.
- Online road reports (during construction) at www.eugene-or.gov/traffic.
- On Twitter (during construction) at www.Twitter.com/EugenePW.
