

NOTICE OF PUBLIC HEARING

Tuesday, October 18, 2022, 6:00 p.m.

Virtual Meeting (See attendance / participation information below)

The Eugene Planning Commission and Lane County Planning Commission will jointly hold a virtual public hearing to consider:

File Name (#): URBAN RESERVES ADOPTION (City Files MA 22-1, ECA 22-1, RA 22-1 & County File 509-PA22-05580)

As explained in previous mailings, the City and County are considering a proposal to establish “urban reserves” for the City of Eugene. City and County officials are now formally accepting written comments and will be accepting spoken testimony on the proposal during a virtual public hearing on **Tuesday, October 18, 2022, at 6:00 p.m.**

You are receiving this notice because our records show that you reside in or own one or more properties within or partially within the proposed urban reserves. To find out where your property is located in relation to the proposed urban reserves, please visit the web map on the Urban Reserves webpage: www.eugene-or.gov/UrbanReserves.

As required by law, the City of Eugene and Lane County have cooperatively established an urban growth boundary (UGB) that identifies land that is likely to be needed to accommodate the City’s growing needs for employment opportunities, parks, schools and homes through 2032. The establishment of urban reserves would be a continuation of this long-range planning for Eugene’s growth by identifying land that may be used in the future to accommodate the City’s needs for a proposed 27 additional years. Oregon law allows cities and counties to establish urban reserves to provide more ease and certainty when UGB expansions are needed. Land designated as urban reserves remains rural, and cannot be urbanized, unless it is brought into a city’s UGB through a formal expansion process.

To establish urban reserves, the City and County planning commissions will consider amending the *Eugene-Springfield Metropolitan General Plan* and the *Lane County Rural Comprehensive Plan* to include a map of the urban reserves and policies that would apply to the urban reserves. They will also consider related amendments to the *Envision Eugene Comprehensive Plan* and the *Eugene-Springfield Metropolitan Area Public Facilities and Services Plan*.

More information, maps and current meeting dates regarding the Urban Reserves proposal can be found at the project webpage: www.eugene-or.gov/UrbanReserves
