

## Laurel Hill Valley Citizens Association: Eugene Neighborhood Survey Results

More than 4,600 community members responded to the recent Eugene Neighborhood Survey, providing useful information about what they like in their neighborhoods and what they would like to improve. Conducted during the summer and fall of 2009, the survey was developed in partnership with neighborhood leaders and the UO's Community Planning Workshop. Neighborhood associations, as well as City staff and other community groups, distributed the survey with a special emphasis on reaching people who have not participated in neighborhood associations and underrepresented groups. These efforts paid off, as results indicate that survey responses are a good representation of the city population in terms of age, income, race/ethnicity, gender, and home ownership.

Responses for Laurel Hill Valley NA were 92, about 6.5% of the neighborhood's total population. Respondents were 16% renters and 81% homeowners. Twenty-one percent of respondents' household income was less than \$30,000, 28% between \$30,000-60,000, and 50% over \$60,000. The race/ethnicity breakdown of respondents is as follows: 75.3% White, 7.8% Latino/Hispanic, 7.8% Multi-racial, 2.6% Black/African American, 2.6% Asian, and 3.6% other. The respondent age was predominately 25-64 years old (79%), with 13.6% ages 17-24 and 7.4% 65 or over. For planning and outreach purposes, the Laurel Hill Valley Neighborhood Analysis should be consulted to compare actual demographic make up to the demographic make-up of the survey respondents. Gaps may exist.

Forty percent of respondents had not participated in their neighborhood association, but 49% expressed an interest in being connected. Survey data should be consulted for information on what would encourage respondents to be more involved and what respondents view as the neighborhood association's primary role.

Overall, Laurel Hill Valley results show that respondents have mixed views of the quality of life in the Laurel Hill Valley neighborhood. When asked about what they would like to improve in Laurel Hill Valley, bus service, biking and walking, and recreation options were the most frequent responses.

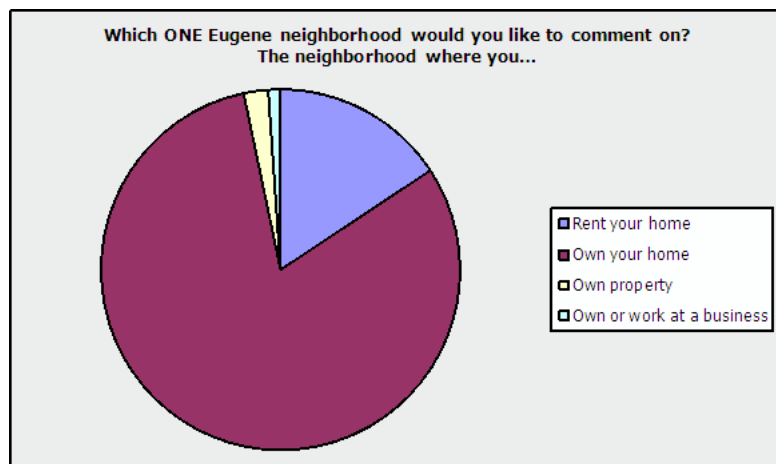

Neighborhood surveys are considered a best practice in neighborhood planning initiatives. The survey provides a wealth of information for neighborhood associations and the City of Eugene, as we work to increase involvement and participation in neighborhood associations and improve neighborhood livability. The full results of the Eugene Neighborhood Survey are posted online at <http://www.eugene-or.gov/neighborhoodsurvey> including neighborhood-specific reports. <b>Please explain your answer(s) for the above question (three areas you would like improvements in):</b>		
1	<p>The constant hum from the interstate is maddening. It will be great when the new bridge is put in and ODOT puts up a sound wall, although it won't really impact noise levels in the upper valley.</p> <p>Looking forward for the Moon Mountain trail and the Ribbon trail is completed. Also would be interesting to see if there is an economical fix for access to the river bike path (right now you have to cross the off ramp traffic, the barriers, a steep bank and the railroad tracks.</p> <p>Walkable services are not here. All residential except for NYC. Would be great to have a small store rather than heading out to the Franklin Market of Choice. Not really realistic though.....</p>	Aug 4, 2009 3:57 AM
2	<p>1. Most new development is incompatible with the existing neighborhood.  2. There are NO city-sponsored recreation programs in my neighborhood.  3. LTD service is very limited, more bus trips/times would increase ridership.</p>	Aug 6, 2009 4:16 AM
3	<p>Need more Law Enforcement  Heavy traffic and no controls on Hwy 58  Parking and access to the river</p>	Aug 6, 2009 5:57 AM
4	<p>Had my house robbed a few years ago mid morning while I was at work. They took everything of value. Mt. Pisgah is at the end of the street and folks throw their garbage out the window onto my property. Increasingly there are events at Pisgah, and on these days there is congestion. Some folks drive too fast and dangerously, passing cars. They scare the animals - horses, goats, chicken and cattle on the properties around there. It would be good to block off the cars, and only allow foot traffic, horses and so forth back there.</p>	Aug 6, 2009 8:38 PM
5	<p>Air pollution from the freeway and north in the valley and from industries in Glenwood and elsewhere. Almost eliminating field burning will help but not if allowed to burn forest products for energy. All the problems related to having to breathe pollen so that people can plant lawns.</p>	Aug 10, 2009 8:03 PM
6	<p>Walking around the neighborhood is great, but it is inconvenient to get to the bike path and riding on Franklin Blvd is noisy and dirty.</p> <p>Living close to Hendricks is fabulous - I would love to see a dog park added at the Augusta street park.</p> <p>Most people drive to the store, and I think a lot of people would love to have a little neighborhood market somewhere in the area.</p>	Aug 14, 2009 5:24 PM
7	<p>Bus service is so sparse as to be useless.</p> <p>Laurel Hill Drive and part of Moon Mt. are very dangerous for walking or biking due to lack of sidewalks, shoulders, or bike lanes. I also notice people, often with bicycles, making dangerous crossings to get to the river.</p>	Aug 25, 2009 2:23 AM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
8	<p>1. Connect Moon Mtn open space with the neighborhood, make agreement with Hendricks Hill PUD for public use of its trail, progress on Ridgeline Trail connection to 30th Ave.</p> <p>2. Expand schedule of bus service to weekends.</p> <p>3. Possible cooperative use of NW Youth Corps facilities for eve basketball, etc.</p>	Aug 26, 2009 5:12 PM
9	<p>My beautiful neighborhood was allowed to overdevelop by speculators who have left a barren desert with asphalt streets where there was forest and grassland. Speculators were allowed to build huge monstrous homes on other lots with footprints that fill each lot leaving no room for trees and other landscape. Infill properties have been allowed to build huge footprint homes that look like giant cardboard boxes and do not fit in with the existing homes. These random building practice impact the visual harmony and liveability of my neighborhood. I do not think other cities allow such random and invasive building practices. There is no evidence of planning by the City of Eugene.</p> <p>Recently a huge motel was built in my neighborhood. Such huge businesses do not belong in a residential neighborhood. I seriously question the zoning that is allowed in this part of Eugene.</p>	Aug 29, 2009 4:37 PM
10	<p>H. New developments It in inevitable that there will be new development in the Laurel Hill Valley but I would like to see development that fits into the context of our neighborhood and not cookie cutter tract houses that are developed in a piecemeal fashion. There are some good examples of new development such as the teardown and new house at 26th and Augusta, Hendricks Hill PUD, and some of the East Ridge Village development. Clustered cottage housing (<a href="http://www.cottageadvisors.ca/usa/company.html">http://www.cottageadvisors.ca/usa/company.html</a>, <a href="http://www.cottagecompany.com/Planning.aspx">http://www.cottagecompany.com/Planning.aspx</a>) is a type of housing that might work well in our neighborhood, especially if the deep lots between Augusta/Riverview and Riverview/Floral Hill ever redevelop.</p> <p>I. Adequate housing for a variety of income levels There is a critical need for more affordable housing in our region and I think there should be housing affordable to a variety of income types in every neighborhood. One way to help with this is to require/encourage a variety of house sizes and types (detached, duplex, attached, zero lot line) in our neighborhood.</p> <p>A. Biking and walking I think the Laurel Hill Valley itself is pretty friendly to walking and biking. However, the connections to outside of the valley, especially the riverfront bikeway system, are poor and need to be improved. If the city is going to invest in a mixed use center at Walnut Station, they should also look at how they can help us get there on foot and by bike.</p>	Aug 29, 2009 5:46 PM
11	<p>Since Riverview street has been re-surfaced our traffic is way too fast. We need signs to slow people down on Riverview as well as Augusta. We have many walkers, runners, kids, and animals in the neighborhood and I've already seen some fast drivers and hit animals. I would also like to see more safety, less vandalism. We've been vandalized and it doesn't sit too well. I rarely see any patrols in our neighborhood and I don't think we really need a lot but at night I think it would be a good thing to patrol our neighborhood now and again. Maybe you could catch who ever is vandalizing...that would be great. We also have a problem with people letting their dogs loose and if anyone knows anything about dogs..they like to run in packs. It's rather scary to be riding your bike and have a dog run at you and stupid people saying their dog doesn't bite (which is an ignorant statement). I guess you can't inforce common courtesy and respect.</p>	Sep 2, 2009 5:02 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
12	<p>F. Northwest Youth Corp has taken over the elementary school in our neighborhood. It would be wonderful if we had a good jogging track our community could access.</p> <p>H. Would be wonderful if there was more mixed use development that allowed for smaller dwellings and diversity of age ranges; we would "down-size" to such a situation</p> <p>G. The availability of a local, small market would be very helpful to encourage interaction and access to healthy foods (like that available on Friendly Street)--Market of Choice on Franklin is wonderful, but small for our SE Eugene region.</p>	Sep 2, 2009 8:44 PM
13	fewer buildings, more flowers, more police	Sep 4, 2009 12:19 AM
14	The sidewalks on my street need to be repaired, but at least they exist. We have nice parks in the area, and I hope they remain a priority to maintain them. The neighborhood has a slightly "dumpy" feeling that would be nice to see improved.	Sep 15, 2009 4:02 PM
15	drastic increase in bus service and bus planning across the metropolitan area so that people will take it seriously and accept it as the way to go	Sep 28, 2009 9:18 PM
16	1st - I enjoy walking but the sidewalks in my neighborhood are few and far-between. Some stretches have no sidewalk at all, or it jumps from one side of the street to the other. There is minimal to no street lighting so in the winter months when it gets dark early it is a little unsafe to walk/run as I can't see the road/sidewalk well. Some neighbors have let their landscaping/shrubbery overgrow onto the sidewalks and don't keep it trimmed back. 2nd - As there is no street that connects Moon Mountain Dr. with Augusta, we have to drive around a ways to get into town. It would be nicer to have a more direct route, however I realize this may increase traffic in an undesirable way for some residents.	Oct 5, 2009 3:53 PM
17	<p>Bus service - just look at a bus schedule.</p> <p>Parks - please provide basic maintainance. Calls to the parks dept for over two years to replace rotting boards on our frequently used tables and benches--have been ignored. We are told our park is on "the list" yet nothing happens.</p> <p>Recreation- it would be nice to have movie night or a concert in our park. More benches and tables would be nice, too.</p>	Oct 5, 2009 4:28 PM
18	<p>I would like to have Community Policing - for instance, our mail isn't safe from thieves</p> <p>thanks for the "paving" on Riverview - Sylvan and Floral Hill still make it a challenge to bike and walk easily - also as difficult it may be to believe - there are speeders on our streets - traffic calming is still necessary</p> <p>We need more benches and picnic tables in our park - also a water fountain</p>	Oct 20, 2009 3:04 PM
19	<p>The 27 bus serves my neighborhood, but it only runs in the morning, once at midday, and in the late afternoon/evening. More frequent bus service would be huge help.</p> <p>There are many cyclists on Augusta street - it would help to have a clearly delineated bike lane.</p>	Oct 25, 2009 11:17 PM
20	<p>There is a lot of theft in the area, our car got stolen from the street and we've had things stolen from our garage. There is little street lighting making it quite dark at night and there are a lot of people who look scruffy and dangerous who wander through from the park above and the trains below. I wouldn't go walking at night even with my dog.</p> <p>The streets are in poor repair and there are few sidewalks. That makes it dangerous to walk or bike off of the hill. With no bus service on the Hendrick park hill, it is difficult not to use a car to do things despite the proximity to shopping and the university.</p>	Oct 29, 2009 4:04 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
21	<p>Property owners in this neighborhood should be proactively less tolerant of noise disturbance. This neighborhood is not a good place to rent to tenants who just want to be drunk and loud and obnoxious until all hours of the night. People with dogs should be discouraged from letting them bark and bark and bark and bark and bark day after day after day after day!</p> <p>Many lots are large and I am not in support of sub-dividing them. In my opinion, population should be concentrated more centrally.</p> <p>Storm water runoff is a big issue with us because our house sits downhill from Hendricks Ridge, from which storm water runs off and is funneled into our yard. A storm drain would have been a nice touch.</p>	Oct 30, 2009 12:20 AM
22	massive development projects like the one on moon mt.	Nov 6, 2009 12:21 AM
23	<p>O. Noise pollution from freeway is very annoying and poses health problems.</p> <p>A. Streets congested with parked cars, always avoiding swiftly moving cars when walking or biking.</p> <p>B. Bus only runs morning and evening so can't use it to get to work if you work a different shift.</p>	Nov 6, 2009 5:08 PM
24	<p>1.If we had better public transportation (more regular) I would use it.</p> <p>2. We have one small grocery store. Market of Choice on Franklin. A bigger market, maybe more small shops?</p> <p>3. Our streets were just redone, however they are still narrow and already showing signs of deterioration.</p>	Nov 8, 2009 2:08 AM
25	<p>No good biking options getting down Laurel Hill Drive on the hill. Dangerous. My family and I would ride more if there were better access.</p> <p>A park on Moon Mountain would be a destination point in the neighborhood.</p> <p>Bus service in to town would be good.</p>	Nov 8, 2009 2:49 AM
26	Need more areas for people to go and have fun more police and new development to make it more diverse	Nov 19, 2009 6:56 PM
27	<p>B: The bus service isn't very convenient because I have to walk really far and the times are set in stone.</p> <p>Recreation: There aren't really any recreation spots except for the nearby park, but that's all.</p> <p>Housing: There are houses, but there is one really big house that isn't convenient for low income families.</p>	Nov 24, 2009 6:39 PM
28	Bus does not stop often enough	Nov 24, 2009 7:23 PM
29	I live near LCC	Nov 24, 2009 10:40 PM
30	I live in a neighborhood that is very secluded and it doesn't have good bus service.	Nov 25, 2009 6:57 PM
31	Eugene employment oppertunitis are lacking.	Nov 25, 2009 9:22 PM
32	<p>LTD refuses to listen to any options for improving service in Laurel Hill Valley and when you discuss it with their so call cutomer service you are told you are lucky to any service.</p> <p>More real law enforcement when did the EPD give its last ticket for "use of an unmuffled engine brake" on I-5 in the city limits.Why are the police more interested in breaking up parties than they are in solving robberies?</p> <p>I am not impressed with the plan for the "Bridge " and the concrete block wall in my back yard. Especially when even ODOT says the wall will not make a major difference. MAYbe the police should actual enforce the law!!!</p>	Dec 11, 2009 3:40 AM

1	It seems that the majority of the folks involved with NA's have a "bone to pick" and an attitude of "more NA than thou" that pretty much drives away folks who would otherwise participate in a meaningful manner. Groups focus on minor issues that loses sight of the reason for neighborhood associations.	Aug 4, 2009 4:10 AM
2	I have been involved in LHVC for may years.	Aug 6, 2009 4:20 AM
3	After my house was robbed, a few neighbors and I tried to organize a neighborhood watch. We couldn't get the sheriff's office to call us back.	Aug 6, 2009 8:41 PM
4	My neighborhood association does a great job so I spend my volunteer time/energy elsewhere.	Aug 10, 2009 8:07 PM
5	I imagine it would be impossible to find a time for everyone, but the weekends would work better for me. Also, the association seems very focused on Riverview and westward from there. Not a criticism as much as an observation, because I sometimes find there is little for me to relate to.	Aug 14, 2009 5:31 PM
6	I just volunteered to serve on the board and represent the neighborhood on the NLC Sustainability committee.	Aug 26, 2009 5:15 PM
7	The Laurel Hill Valley Neighborhood association has a very active but small core of participants. I know many neighbors do not feel their involvement is important, and I think the group should work harder to reach out to the residents. Just sending a newsletter is not effective. Varying meeting times and days might be beneficial, offering information door-to-door would help residents understand the importance of participation. Child care is a definite need!	Aug 29, 2009 4:52 PM
8	It would be nice if we had a neighborhood listserv or some way to participate more by email.	Aug 29, 2009 5:47 PM

16	Topics important to me include an online network to help connect interested neighbors with respect to ways we can help each other. An online forum (or some such) infrastructure so that we can "meet" and be more connected but still protect our privacy and not suck a lot of time. I like child care offered at meetings/events because I am not a kid person, another reason a forum would be a good modality for me to interact from a distance with others on not necessarily the same time schedule. 20	Get rid of the city manager! I was on 3 boards for the new library that the city manager insisted on being part of and doomed every one of the boards to failure until he got the answer he wanted. The city manger position foils any attempt by the citizens of Eugene to have any active role in the city government because only the council controls the idiot and they never hear the citizens but listen to money! 1	I don't want non-elected neighbors (or elected by the few folks that can stomach meetings) to "represent neighborhood interests" or organize neighbors to address "neighborhood issues". It generally is the vocal minority that determines what the interests or issues are.  This NA seems to do a good job on the inform, sponsor and educate aspects. I like that they were instrumental in the Moon Mountain project as well. Keep doing more of that stuff and stay away from the policy stuff.	Aug 4, 2009 4:10 AM
2	Traffic calming, Neighborhood Watch, emergency preparedness program, food security, tool exchange, etc., etc.	Aug 6, 2009 4:20 AM
3	I think we need to address safety, littering, speeding.	Aug 6, 2009 8:41 PM
4	My neighborhood association does all these things well.	Aug 10, 2009 8:07 PM
5	Pot Luck, Get out and Garden days	Aug 12, 2009 5:11 AM
6	I actually think that we have a great leadership team in our association! They've been doing most of the things above! One suggestion of a future neighborhood project is to help elderly and disabled people in the area clear ivy and blackberry from their properties. I notice a lot of trees that could use a clearing. Oh, another idea I've thought of is a neighborhood dog registry so I can find other dogs to play with mine :)	Aug 14, 2009 5:31 PM
7	LVHC job of informing via the newsletter, sponsoring some social activities and projects, and organizing to address issues. Post cards or door-to-door contacting about specific projects or issues might be helpful. I do not recall any specific educational workshops, but I'd love to see this happen: How to landscape with native plants, dog socialization, bike repair/commuting, etc.	Aug 29, 2009 4:52 PM
8	I would like to see an art project at the kiosk in Laurel Hill Park.	Aug 29, 2009 5:47 PM
9	we need traffic signs to slow people down...we could make signs and offer them to our neighbors.	Sep 2, 2009 5:04 PM
10	As my comments above suggested, I'm not very convinced our association really cares about representing others as much as their own interests	Sep 2, 2009 8:47 PM
11	Cannot represent neighborhood interest. Activist driven. Not democratic. Good for information distribution only. Training is biased, or at least suspect.	Sep 11, 2009 12:01 AM
12	concerts	Sep 29, 2009 8:55 PM
13	Our neighborhood association does a good job	Oct 5, 2009 4:30 PM
14	I would like to have more ways to get neighbors involved - it is the same people all the time and the burn-out factor is extreme	Oct 20, 2009 3:07 PM
15	topics related to the neighborhood: identified party houses and holding them accountable for disturbing the peace. Educational workshops including gardening, edible landscaping, composting, energy conservation, tips on home maintenance...Represent neighborhood interests like developing a neighborhood food buyer's club where interested parties can buy larger quantities at a discounted price	Oct 30, 2009 12:31 AM

22	Enable the Neighborhood Association to demand the city council listen to our needs and desires . the Crest Drive paving problems are a direct indication of a lack of responsible action by the council. As does the lack of action by the city to finish the sidewalks on our street (Augusta) after bulling the citizens to install sidewalks on their private property	Dec 11, 2009 3:48 AM
